TRAVEL IN THE COVID-19 PANDEMIC

The COVID-19 pandemic has dramatically changed worldwide travel. Many nations have closed their borders to US residents except for "essential" travel. Airlines have taken extraordinary measures to make air travel safe, including mask mandates that are strictly enforced. This is a subject that changes and evolves at a fast pace. We recommend you consult the CDC website travel section to review current recommendations before you embark on a trip: https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html.
