LINKS TO WILDLAND FIRE PREVENTION WEBSITES

The FireSafe Montana website provides useful information including their Ignition Resistant Construction Guide, Living with Fire, and Citizen Evacuation Guide: https://firesafemt.org.

The Montana Department of Natural Resources and Conservation (DNRC) website has extensive information about wildland fire risks, including the Ready, Set, Go action guide: http://dnrc.mt.gov/divisions/forestry/fire-and-aviation/fire-prevention-and-preparedness/home-fire-risk

For the Ready, Set, Go guide: http://dnrc.mt.gov/divisions/forestry/docs/fire-and-aviation/prevention/mt-ready-set-go-guide-2016.pdf

Headwaters Economics publishes useful information on their website: https://headwaterseconomics.org
For new home construction, look at the Building a Wildland-resistant Home: Codes and Costs: https://headwaterseconomics.org/wildfire/homes-risk/building-costs-codes/.
